GANIZATION BEFORE THEN.

Now that it is all off in baseball circles, as far as the present year is concerned, the fans will watch with interest whatever action may be taken toward giving as good baseball next season as the article delivered in the season fust past. A meeting of the magnates has been called by President Lucas for Oct. 13, at Spokane, when it is thought the plans for next season will be carefully arranged by the four clubs composing the league at the close of the present season. Word from Ogden is to the effect that President Lucas has invited the fans of that city to have a representative present with a forfeit of \$1,000 ready to dobusiness if they expect to gain a franchise in the league.

John McCloskey is still in Salt La%e and may remain here to represent this town at that meeting. The deal which is contemplated to form a new association to control baseball in this city next season has not been completed yet, but is well under way. It is thought the backers of the new club will get together some day this week, when action will be taken to place McCloskey in full charge of the team next season. Until that time it is impossible to state just what will be ribbed up for the local fans. Now that it is all off in baseball cir-

self-evident fact that the fans are well pleased with them.

Slats Davis elaims the distinction of being the only player in the Pacific National league who has played in every same. Slats has not missed a single game since the season opened for any cause whatever, which is a pretty clean record for a ball player.

In speaking of the kind of baseball handed out to the fans in the Pacific National league this year, the Butte Inter-Mountain has the following to say:

"Better ball was played this year than last, the rivalry among the clubs was keener and taken altogether, it was a strenuous, nerve-destroying year. Now that it is all over but the shouting the fans can look back and see where the team worked faithfully and hard. As an example of the fact that the Pacific National league played better ball than did the Western league, one has but to look at the records of the pitcher staken from leagues at the close of their season, Me-Neelv and Newmever, the star twirfers with which Sait Lake was to have wiped up the dusty diamond with the Butte agreed to be presented up the dusty diamond with the Butte agreed to be presented up the dusty diamond with the Butte agreed to be presented up the dusty diamond with the Butte agreed to be presented up the dusty diamond with the Butte agreed to be presented up the dusty diamond with the Butte agreed to be presented up the dusty diamond with the Butte agreed to be presented up the dusty diamond with the Butte agreed to be presented up the dusty diamond with the Butte agreed to be presented up the dusty diamond with the Butte agreed to be presented up the dusty diamond with the Butte agreed to be presented to autu Automobiles Will

Saturday was merely a practice game and that the All Hallows' played men on their team who were not students of the college. Here is what they have to say: lege. Here is what they have to say:

"An agreement was reached between the two managements whereby the regular teams were to meet for a practice game Saturday, Oct. 2. Upon arriving on the ground we were surprised to find four outside players in All Hallows' suits, men who hold records for fast playing on last year's national guard team. No comblaint was made, however, as we were simply there for practice. The game which followed should never have been published as a regular game, first, for the reason of players outside of school participating, and second, because the grounds failed by twenty-five yards of the required measurement, called for in book of rules.

At the meeting of the city council last might Councilman Chambers was appointed mayor. From the mayor tem during the absence of the mayor. In a communication, the mayor called attention to the dilapidated condition of the sidewalks in the mayor called attention to the dilapidated condition of the city and recommended that the property-owners be called upon to repair them. If this was not done, the city would assume no liabilities for accidents that may occur. Thus were accident, the complication that has arisen over the acceptance by them of the Democratic endorsement remains the major feature of the political situation in Greater New York, and the fight for and against them is being actively waged. From Democratic sources came the suggestion that the position of Grout and Fornes could be strength and one of diphfaria for the past month. The bill of the Eureka Fire Hose company was ordered baid. The Oregon Short Line Railroad company was granted permany was ordered as and a positive line-up against the fusionist movement and going over entirely to the Democratic party, and Leader Murphy of Tammany, who managed the coup under which they were endorsed, was urged to see Grout and arrange the matter. The plan involved the acceptance of full-fledged nominations from the Democratics and a positive line-up against the fusionist movement and going ower than the work is completed.

It was said that Leader Murphy favored the plan, but today Luke D. Stapleton, legal advise rfor Grout, again averred the intention of his client to resist the erasure of his name from the fusionist ticket.

Question of Veracity. It is down to a question of memory and veracity between Mayor Low and Comptroller Grout as to the former's knowledge of the latter's plan to accept Democratic endorsement. The mayor, in rejoinder to the last letter of the comptroller, says he has no recollection of a second conversation about the Democrats endorsing Grout. Here is what the mayor says;

"I have read the comptroller's state-ment, and I have no recollection what-ever of any such second conversation Coast league.

Support Tammany.

New York, Oct. 5.—The only decisive movement today in the political campaign was taken by the convention of the Greater New York Democracy, led by John C. Sheehan, which tonight unanimously adopted resolutions denouncing the course of the Citizens' union and Republican conventions, declaring that the organization now stood on a purely party basis, and pledging its support to the Democratic ticket headed by McClellan, Grout and Fornes.

The Citizens' union met and adjourned until tomorrow without coming to any decision regarding the fusion candidates for comptroller and aldermanic president. It is now definitely settled that, whatever action the fusionists may take, Grout and Fornes will remain on the Tammany ticket. Mr. Grout resolutely refuses to be ousted from the fusion ticket, and declares his determination to defend his position in the courts. In response to a statement issued by Mayor Low this morning, declaring that he had no recollection of a second conversation with Mr. Grout, the latter replied caustically to the effect that the mayor's failure to remember could not be considered a direct denial.

Mr. Fornes broke silence tonight by issuing a statement that he, like Mr. Grout, had consulted with the mayor relative to his acceptance of a Democratic nomination to which he says the mayor appeared to perceive no objection. Mr. Fornes also said that he would not retire from either ticket, although he would take no legal action to compel his retention on that of the fusionists.

The adherents of William S. Devery held a convention to input mayor.

The board of county commissioners met yesterday, but nothing of much importance was done by them. Walter A. Richey was appointed registry agent in the Seventeenth election district, to succeed P. A. Sims, resigned. A communication was received from the secretary of the board of control of the Irrigation congress staking that all those parties in the county who had furnished teams for the transportation to Ogden valley of the Congressional delegates, had been credited on the books of the congress with \$5 each. A report was received from County Attorney Hulaniski and Commissioner Stanford denying the petition presented a week ago for the repeal of the license ordinance, on the grounds that proper sanitary conditions demand it and that other counties have a similar ordinance in force. The county physician reported favorably on the present condition of the county—there being one case of smallpox at Huntsville and one of diphtheria at Farr West.
